The Creator Of The Justin Bieber Pancake Does It Again! This Time It's RYAN GOSLING!

Filed under: Yummy Yummy Screw > Wacky, Tacky & True > Ryan Gosling

She's done it again!

Katherine Kalnes, the Chicago-based artist who created the incredible **Justin Bieber** pancake, has just released an all new delicious flapjack morsel in the shape of the already-delicious **Ryan Gosling**, and we're delighted to share this true work of art, made with a "batter blaster," frosting, peanut butter and raisins with all of you (above)!

Absolutely incredible, right?!

We want a bite! We'll also accept the real **thing**, as well!

P.S. MAKE PEREZ NEXT!
